Green Trivia!

Question: For the 2012-2013 fiscal year, what percentage of items purchased by the University of Washington through Office Depot contained recycled content?

Answer: 44% of the items purchased through Office Depot contained recycled content. Of the 44%...

- ◆ 15% was considered "Dark Green," which means the items contained 90-100% post consumer recycled content.
- ◆ 15% was considered "Mid Green," which means the items contained 30-89% post consumer recycled content.
- ◆ 14% was considered "Light Green," which means the items were either FSC Certified or contained 10-29% post consumer recycled content.

Thank you for bringing awareness to using greener products, which is a big focus for the University. Check out the latest lists of "Frequently Used Green Products" under "My Shopping Lists" on the Office Depot site in eProcurement.

Did You Know...?

Listen Learn Care. Since July, the Office Depot Foundation National Backpack Program has been bringing smiles to the faces of deserving children as they got ready for the new school year. Office Depot donated 300,000 kid-friendly backpacks containing essential school supplies to non-profit organizations, school, and agencies in all 50 states and a number of other countries in 2013. By the end of this year, Office Depot will have helped **more than 3 million children** since launching this award-winning program in 2001!
