Dear Customer,

This catalog has been created for you by Marines for Marines. By no means does this catalog have everything you may require nor is this catalog the finished product. This catalog truly is a work in progress. We at Office Depot are adding products weekly to match your growing demands. **If you do not find a item or a product category to meet your requirement, PLEASE call us.** We will find you what you are looking for and add the item to the next revision of the catalog.

The scope of this catalog is to consolidate the offering to the most commonly requested items. ***Consolidation of products will help drive better discounts with the manufacturers.*** Better discounts means your mission budget will stretch further.

We know that you start the process by creating a requirement. To help facilitate your requirement we are asking that you call the Office Depot furniture help line at **1-800-999-9933**. The customer service team will help you build your requirement piece by piece. You will be given a marketing research ticket number (MRT). This number will be always be on file. We also know you may build a requirement that may not receive funding for sometime. Be assured your MRT can be refreshed months later. You will not have to start the process over just because funding is not readily available.

We appreciate the opportunity to serve the defenders of our country and those who support the Marines.

Thank you for this opportunity and thank you for your service.

Conference/Training/Class Room Furniture and Accessories

Bungee Training Room Tables

- **OVERVIEW** Classroom and meeting configurations can be achieved easily by grouping multiple tables together. An available lectern and presentation board can make presenting much more attractive as well.
- Ideal for classrooms, training rooms and boardrooms, Bungee tables are quickly and easily reconfigured without ever needing a tool.
- Tops are 1" thick and offered in a variety of laminate finishes.
- Legs are available in tapered or spider design.
- Customize tables with a choice of modesty panels, wire management, grommets and power blocks.
- **FEATURES** Bungee cords connect tables securely and may be arranged without risk of damage to tops or connectors. The innovation lies with the unique 'bubble molding' edge design which compresses under the tension of the cords and creates a seal that serves to locate and align interconnected table
- Shown with Supra seating.
