National warrants that each piece of furniture will be free from defects in workmanship given normal use and care for as long as you, the original customer, owns and uses the product.

Normal use is defined as the equivalent of a single shift, 40 hour work week. In the event that a product is used more than normal use, the applicable warranty period will be reduced to 12 years and items that fall under different warranty limitations, as listed below, will be reduced to one-third (ex: Wood chair frames will be 4 years instead of 12 years). National, at its option, will repair or replace with comparable product any product, part or component shipped after September 1, 2000, if the claim is eligible under the conditions of this warranty. This warranty is valid only if the product is given proper care and maintenance.

****Please Read Carefully For All Chair Styles That Use A Foot Ring****

Please note for all chairs or stool models that use a foot ring: the foot ring is not to be used as a step to facilitate the lifting of an individual up and into the chair. The sole purpose of the foot ring is the resting of feet only! All models that have a height range 23" to 35" require strict adherence to the 350 lb. weight limit of the product, especially during full extension of pneumatic lift. Intensa will not be liable for any failure to adhere to the above design specifications. Improper use of Foot Rings voids warranty.
