**\*\*Please Read Carefully For All Chair Styles That Use A Foot Ring\*\***

Please note for all chairs or stool models that use a foot ring; the foot ring is not to be used as a step to facilitate the lifting of an individual up and into the chair. The sole purpose of the foot ring is the resting of feet only! All models that have a height range 23" to 35" require strict adherence to the 350 lb. weight limit of the product, especially during full extension of pneumatic lift. Intensa will not be liable for any failure to adhere to the above design specifications. Improper use of Foot Rings voids warranty.
