

ODP offers various services that can be useful for Independent Pharmacies, helping streamline operations and improve customer service. These services include:

1. Office Supplies & Equipment:

- **General Office Supplies:** Paper, pens, folders, labels, and more to keep your pharmacy organized.
- **Point-of-Sale (POS) Supplies:** Receipt paper, cash register rolls, and labels for prescription bottles.
- **Pharmacy-Specific Equipment:** Label printers, barcode scanners, prescription bottle organizers, and filing systems.

2. Printing & Marketing:

- **Custom Prescription Labels:** Office Depot can print custom labels with pharmacy branding and required legal information.
- **Brochures & Flyers:** Create educational materials or promotional offers for customers.
- **Signage:** Indoor and outdoor signs, banners, and posters for marketing or informational purposes.
- **Business Cards:** Custom business cards for pharmacists and staff.

3. Tech Services:

- **IT Support:** Technical services such as setup, maintenance, and repair of computers, printers, and networks.
- **Cybersecurity Services:** Help with securing sensitive patient information and compliance with HIPAA regulations.
- **Printer Services:** Printer repair, ink/toner refills, and maintenance plans.

4. Furniture & Storage Solutions:

- **Pharmacy Workstations:** Shelving, counters, and storage units to optimize space for medications and equipment.
- **Waiting Room Furniture:** Chairs, tables, and décor to enhance the patient experience.
- **Filing Solutions:** Secure cabinets for storing patient records and other sensitive documents.

5. **Delivery & Pickup:**

- **Same-Day Delivery:** Quick delivery of supplies to pharmacies in need of urgent replenishment.
- **Curbside Pickup:** For convenience when restocking on essential office or pharmacy supplies.

6. **Shredding & Document Management:**

- **Document Shredding:** Secure disposal of confidential patient records and documents.
- **Document Storage Solutions:** Digital and physical storage options for managing patient files.

7. **Janitorial & Breakroom Supplies:**

- **Cleaning Products:** Disinfectants, hand sanitizers, and cleaning equipment to maintain a sterile environment.
- **Breakroom Supplies:** Snacks, beverages, and cleaning materials for staff areas.

These services help pharmacies manage their day-to-day needs, ensuring compliance with healthcare standards and improving operational efficiency.
