

Hello Oakland County,

I am excited to announce the Office Depot / Oakland County Technology Products program. Office Depot offers over 300,000 technology items that are already integrated on the business.officedepot.com web ordering platform you currently use to order your office products today.

We are offering Oakland County our platinum pricing ([See Attached](#)). This is our best pricing available on our top 200 technology consumable items.

All other Technology items will be discounted by product category. These items will fall under our Tier 3 technology pricing program which is also the most aggressive program we offer today.

The pricing on this program will be "floating" so when industry costs drop so will Oakland County's price point. This will help Office Depot remain aggressive at all times.

Anytime you enter a quantity of 50+, or if the total is over \$5000 it will generate an e mail to our inside technology representative Carlos Guzman to see if he can provide additional discounting or assistance.

Should you need additional assistance please feel free to reach out to Carlos Guzman at carlos.guzman@officedepot.com or 888-707-7040 X16135

Please shop Office Depot for all of your Technology needs moving forward as we are excited to provide these additional products at outstanding price points to Oakland County !!!!!
