

The Keurig Coffee Program aims to enhance the coffee experience at BMO locations by offering a convenient and efficient brewing solution. BMO locations can sign up for a free coffee brewer if they don't have one or upgrade their current brewer, with the requirement that coffee and ancillary items be purchased through ODP Business.

Features and Benefits:

Free Brewer: BMO locations have the opportunity to receive a free coffee brewer for new participants. Alternatively, branches can upgrade their current brewer to a newer model for enhanced performance and features.

Convenient Brewing Solution: Keurig brewers provide a convenient and hassle-free brewing experience, allowing BMO locations to efficiently serve high-quality coffee to their customers and employees.

Customizable Beverage Options: With a wide range of Keurig K-Cup pods available at ODP, BMO locations can purchase a variety of coffee flavors and types to suit different preferences.

Seamless Ordering Process: By purchasing coffee and ancillary items through ODP Business, BMO locations can streamline their ordering process and ensure consistent supply of coffee-related products.

How it works:

Sign-up Process: BMO locations interested in participating in the Keurig Coffee Program can sign up through the designated portal or contact their ODP Business representative.

Brewer Selection: Upon sign-up, branch locations can choose which brewer based on their specific needs and preferences.

Ordering Coffee and Ancillary Items: Once enrolled in the program, BMO locations are required to purchase coffee and ancillary items, such as K-Cup pods, through ODP Business. Some locations may already make coffee purchases which would count towards the program.

Delivery and Installation: Keurig brewers will be delivered to BMO locations and installed by authorized technicians to ensure proper setup and functionality.

Ongoing Support: BMO locations will receive ongoing support from Keurig and ODP Business, including maintenance services and assistance with ordering supplies.

Compliance with program terms and conditions outlined in the agreement.
