Sending something back?

Here's how to move forward.

Returns are accepted on stock catalog items in new condition with their original packing slip within 30 days of the original invoice date.

We'll replace all defective and damaged products at no charge to you within 30 days of invoicing the original order. Thereafter, you'll need to follow the manufacturers' product warranty policies.

For all returns, follow these guidelines:

STEP 1

Call Avendra's ODP Business Solutions™ Customer Service Team at **866.308.0806**, or request an Authorization to Return (ATR) number by accessing the Order History under "My Account" on **odpbusiness.com** and selecting "Begin Return" from the bottom of your order detail page. To expedite your service when contacting us, have handy a copy of the packing list that came with your order.

STEP 2

Write the ATR number on a packing slip, and attach it to the merchandise you're returning. If you process a return online, you'll be able to print a shipping label to affix to the outside of the shipping box. Do not mark the manufacturer's original packaging, and make sure resealable products are in original manufacturer's packaging.

What can't be returned?

- Custom-made, made-to-order, or assembled furniture, unless defective
- Special orders, logo items, food and beverage items, other ingested or absorbed items, and hazardous materials

ODP Business Solutions will consider returns of special orders and noncatalog items on a case-by-case basis.

IT'S TIME TO
SHINE

STEP 3

On a packing list, note the reason for your return (ex: damaged, ordered incorrectly, incorrect item sent, quantity error, etc.).

STEP 4

Place the merchandise with the ATR number noted clearly on the label at the same place you received your order.

You've got questions

We'll put these answers to work for you.

Where do I get an item number for ordering?

The item number will be listed in our online catalog or within the shopping lists. The manufacturer number is always listed on the box and/or item. You can type either number into one of your searches, and either number will cross-reference to the ODP Business Solutions™ product number.

How are Ecolab® orders processed?

ODP Business Solutions offers a wide range of Ecolab solutions at Ecolab pricing. We offer quick turnarounds on orders — plus delivery is included for qualifying orders. For next business-day delivery, your sales rep will assist you with frequently purchased items. Have a special order? Simply add the item to your cart, process the order, and allow for back order.

How do I find the products I am looking for online?

If you can't find what you're looking for in the shopping lists, you can usually find the item you need by typing the manufacturer's part number or product in the search field at the top of the site.

You also can use the category search. It works in a drill-down fashion, so try to be as specific as possible to limit your search results.

How to identify a core item?

All Avendra contracted items are tagged with a Contract icon. Additional core items are tagged with a Best Value icon. In the drop-down menu, you may sort by Contract or Best Value items.

What is a shopping list?

A shopping list contains items that are ordered frequently. Items can be entered by category, item number, or description. Shared shopping lists are created by your purchasing professionals and can be viewed by all preparers. Personal shopping lists are created by you, for you only. They cannot be viewed by any other preparers.

What is the difference between a shopping list and catalog?

Shopping lists usually contain items that are ordered frequently. The catalog includes the assortment of items that ODP Business Solutions sells.

I don't find an item I need in the online catalog. Can I still order the item?

Yes. However, the ODP Business Solutions product offering has been optimized to deliver quick turnaround and competitive pricing. Please consider before sourcing alternative products. For any item not found in the catalog or any item that is restricted, contact Avendra's ODP Business Solutions Customer Support Team at **866.308.0806** or **avendra@odpbusiness.com**.

You've got questions (cont.)

We'll put these answers to work for you.

How do I get an ODP Business Solutions™ catalog?

You can access our online catalog under the My Account menu. Our catalog features an incredible offering of office products. The 750+-page catalog boasts more than 8,500 items. In addition to everyday office supplies, the catalog includes interiors and furniture, facility resources, technology, and private-label, MWBE, and recycled products. Pricing is live at time of order. To get the best value with your contract pricing, select items marked with the Best Value icon or call customer service for your pricing. You can also access the Ecolab® digital catalog under the My Account menu.

How can I find eco-conscious items?

When shopping the online catalog, you'll find "ECO" icons next to products that have one or more meaningful eco-attributes or labels — or a recycled icon next to items with recycled content. You can also find these items by selecting and applying these icons to the left of your search results.

Can I create my own personal shopping lists?

You can create your own personal shopping list(s) as you shop. Simply click the Add to List button at the same time you are ordering your supplies, so you can easily find these items the next time you order. You can also create a personal shopping list from the My Shopping List link above the keyword search box. You can create as many personal lists as you would like, but you are limited to 200 items per list.

How will I know if ODP Business Solutions received my order?

We will send an order acknowledgment to confirm your order. Always check your order acknowledgment for accuracy and product availability. If you have questions about your order after it has been placed, go to the Order Tracking page or contact Avendra's ODP Business Solutions Customer Support Team at **866.308.0806** or avendra@odpbusiness.com.
