It also indicates items you can expect to receive during the normal delivery times (meaning next day or three days depending on your location). If you are ordering for a different location users should select that address before shopping, in order to get accurate delivery information.

Oversized items, based on product dimensions or weighing more than 70lbs, are charged a delivery fee of \$24.99 within our local trading areas or \$39.99 outside of our local trading area. This charge is per order, regardless of how many products are ordered. Actual delivery prices will be provided at point of sale and may be reviewed at any time during your shopping experience by clicking on the checkout button. Delivery expected within seven business days of purchase; valid for in stock furniture and oversized technology.

One exception to normal delivery times is when ordering items that are oversized or weighing more than 70lbs. Delivery exceptions have a small icon that will appear at checkout to explain the delivery status.

In addition, if an item is already in backorder status you will see a number here showing how many are already on backorder in the system.
