Items with green attributes

Products manufactured or distributed by Historically Underutilized Businesses

Fulfills AbilityOne® requirements

Greenguard - for products certified for low chemical emissions: UL.COM/GG - UL 2818. Ranked in two tiers: Certified and Gold

What does this GREENGUARD Certification mean?
GREENGUARD Certified products are tested to meet rigorous chemical emissions limits and indicate that a product is low-emitting. GREENGUARD Certification is useful for purchasers to identify and source low-emitting products for indoor environments.

Mr. Joseph Schmitz
Director of Federal Sales
Office Depot, Inc.
6304 Woodside Court
Columbia, MD 21046

Dear Mr. Schmitz:

The U.S. AbilityOne Commission® is pleased to announce that Office Depot, Inc. has been recognized as an "OUTSTANDING" AbilityOne Program distributor due to your continual efforts to support the AbilityOne Program during Fiscal Year 2015.

The AbilityOne Program generates jobs for individuals who are blind or have other significant disabilities through Federal Government purchases of certain products and services provided by nonprofit agencies employing such individuals.

We appreciate the effort that Office Depot, Inc. has made over the years to support the AbilityOne Program.

Sincerely,

E. Ballard

E. Ballard
Executive Director

PRODUCTS WITH A PURPOSE

When you choose SKILCRAFT® and other AbilityOne® products, you get more than quality. You help create jobs for thousands of skilled and dedicated people who are blind or have severe disabilities right here in America.

Making the smart choice has never been easier.

AbilityOne® PROGRAM

SKILCRAFT®

USDA
United States Department of Agriculture

America's Biobased Economy

Today, more than ever, manufacturers are harnessing the power of America's farms and forests to create new and innovative biobased products that are used around the world.

Biobased products include paints, lubricants, inks, tableware and cleaning products specified and purchased by the US Government.

Many of these biobased products are available for purchase in the following pages, including a range of USDA Certified Biobased Products that meet the US Military's mandatory federal sustainable purchasing requirements.

Learn more at *biopreferred.gov* or follow BioPreferred on Twitter @*biopreferred*

USDA CERTIFIED BIOBASED PRODUCT

687138	MAS18081	Leather/Vinyl Repair Kit	EA

furniture solutions

Together, we can make your workspace work even better.

Whether you need to expand or replace existing pieces, Office Depot® can help.

We'll work closely with you to:

- Get exact measurements
- Plan out the best usage of available space
- Provide you with market information & comparative products

We offer both system furniture and casegood drawings. CAD drawings are also available. Once you've made your preliminary selections, we can prepare quotation sheets for you to present to the property office.

Remember to visit your dedicated website and make your selections from any of the following online catalogs:

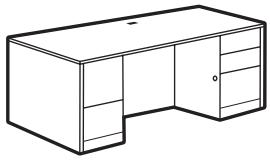

- Casegoods: desks, credenzas & L-shapes
- Seating
- Storage: file cabinets, storage cabinets & laterals
- Work Stations: complete system furniture
- Reception areas and conference rooms
- Training and Education: tables, desks and chairs
- Hospitality: cafeteria furniture
- Specialty: medical examination, shop furniture and more

Contact us today to get started: 1-800-999-9933

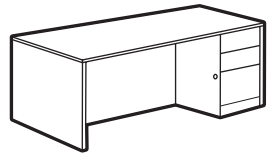

USE THIS GUIDE TO HELP MAKE YOUR SELECTIONS.

Choose from a range of configurations to create a space that fits your needs.

Mattress Protector

Adding our mattress protector will prevent fluids and moisture from damaging your mattress while prolonging its life.

Tencel+Plus™ Lyocell Mattress Encasement & Pillow Protector

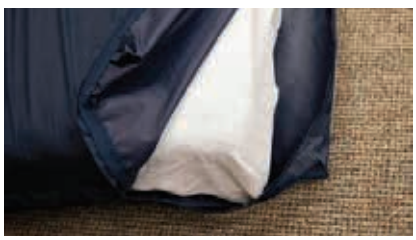

The 100% polyurethane laminate backing prevents liquids from penetrating and staining the mattress and pillow. 100% bed bug proof when properly closed.

210 Denier Nylon Mattress Encasement

Anti-bedbug, anti-microbial, anti-bacterial, non-allergenic, stain resistant, crack resistant, fire retardant, odor free and waterproof.

Mattress Pads

Provides extra comfort and protection by incorporating our mattress pad which naturally eliminates dust mites, controls mold and reduce drying times when laundering.

Hugger

Anchor Band

Bed Skirts & Bed Scarves

Use as a design accessory.

Available in: White and Beige

Sheets

Proven to drastically reduce and inhibit the survival of dust mites. The Tencel + Plus™ Lyocell sheets take away moisture from your body, creating a dry and cool atmosphere for a better night's sleep.

Available in T300 and T200 Thread Count

Duvet Insert

These inserts give a full fluffy look while adding ultra soft comfort and extra warmth.

Duvet Cover

Tencel + Plus ™ Lyocell Duvet Cover creates a dry and cool atmosphere.

Available in Be Lined pattern

Pillows

Treat yourself to soothing and comfortable support.

Gusset Pillow

Standard Pillow

Split Ring Spa Curtains With Window

No more changing old broken rings and installation is a breeze.
Water repellent, durable, and machine washable. Available in: White, Beige and Taupe

Available with and without removable liner

Choosing The Right Fabric
Opacity VS Openness

We realize how important selecting the right fabric for the right application can be! Each fabric style category offers a different level of light control and privacy.

Light Colors And Dark Colors Available

- Fabrics with the same openness percentage (light and dark colored), can impact view-through and energy efficiency.
- Light colors provide a softer view, while preserving natural light and allowing less heat gain.
- Dark colors provide a crisp view, while offering superior glare control.

Shade Options
BlockOut System - Side and Sill Channels

- Eliminates light gaps and is perfect for rooms that require complete privacy and room darkening.
- Pair a blackout fabric with the BlockOut System for complete light blockage.

With BlockOut

Without BlockOut

Please ask for rollershade program catalog and for more details.

The Program

- Manual and motorized operating systems
- BlockOut system – available with side and sill channels
- Comprehensive fabric collection - from sheer to opaque to blackout
- Many fascia colors and sizes
- Countless design options – from single to dual roller shades

Dual Roller Shades

Available with both our standard clutch and motorized shades, each shade operates independently for total privacy.

Standard Clutch Lifting System

- Our durable Standard Clutch lifting system provides excellent performance, making roller shades easy to operate.
- Includes cord tensioning devices for enhanced child safety.

Optional Features

- Top and bottom treatment options are available to fit your design style.
- Fascia offers an upscale contemporary, urban look. Five standard colors – clear anodized, white, ivory, black and bronze
- Pockets – white only
- Bead Chain safety tensioners
- Reverse roll for brackets only and fascia. Cannot be used on dual roller shades.

VAIR™
naturally inspired

C-CORE®

Experience the only mattress in the world that does not emit any off gassing (leeching), either in production or in its lifetime.
Vair's™ unique 3D structure distributes body weight evenly, eliminating pain and pressure points. It allows you to easily turn over eliminating the cradle effect and maintain deep sleep.
Vair™ creates a non-conducive environment for breeding of bed bugs and dust mites. Easily washable with an ordinary garden hose.
Vair™ has an open structure that makes it 100% breathable. This helps dissipate heat and moisture that are released during sleep to maintain cool optimal conditions.
The firmness or softness is determined by the core density. The mattress topper can be produced with two different densities to accommodate the most discerning sleeper.

SOLUTIONS FOR ALL YOUR WORKSPACE NEEDS

TEAMING

A great look that's within our budget. Evolve's totally adaptable 6", 12" and 24" extension modules can be added for complete or partial privacy. They can also be mixed and matched. A marker board panel module is also optional.

Evolve work surfaces are available in thermally-fused laminates or high pressure laminates. Both can be standard. They come in 1-⅛" and 1-1⁄16" thickness and are available in a wide variety of sizes and shapes, allowing you to customize your workstation. Evolve work surfaces utilize a 3mm edge that is attractive and resilient.

Transaction tops maximize productivity, the half-radius work surfaces provide the ability to meet at the workstation. All work surfaces include threaded metal inserts which provide metal-to-metal connections of support hardware.

OPEN OFFICE

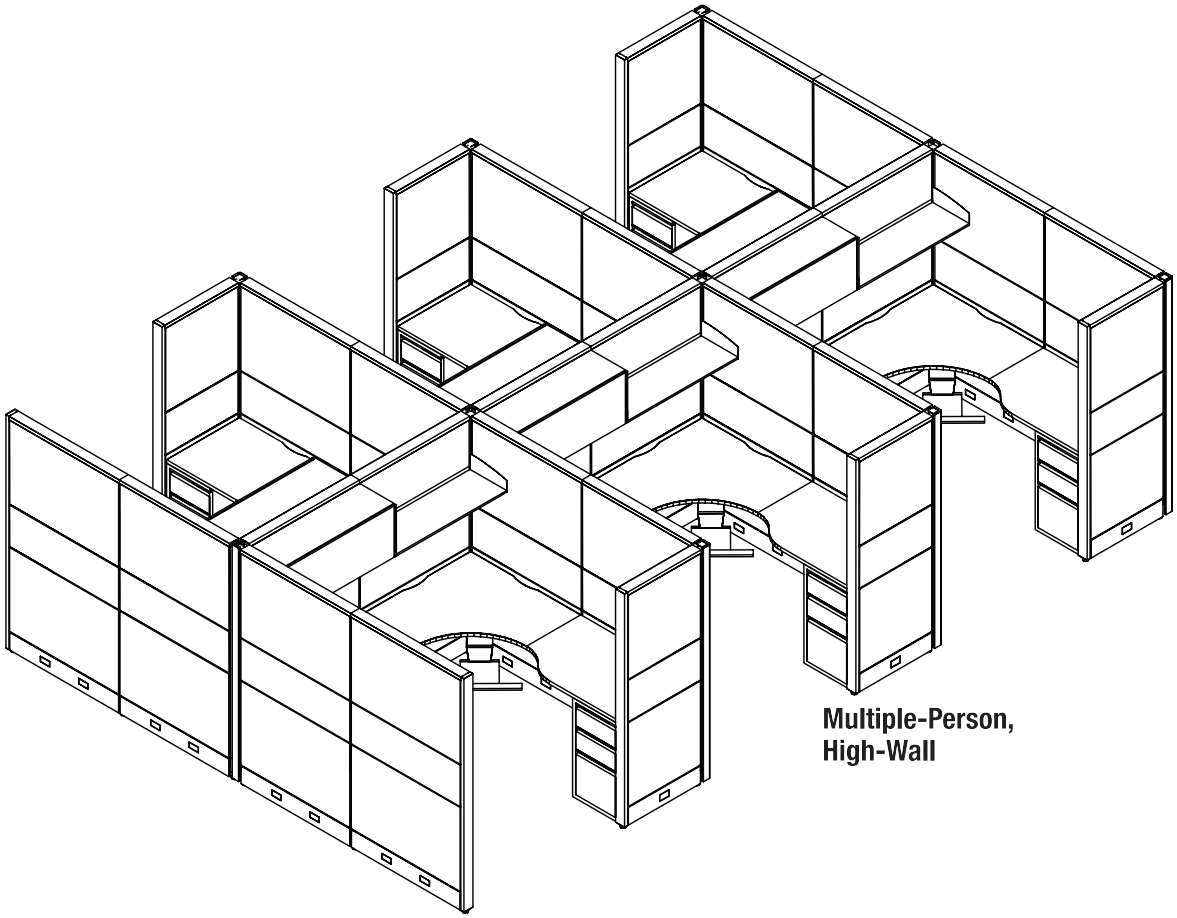

In these challenging times of competition and globalization, business owners have to make difficult decisions about where to spend money. At the end of the day, there are better places to invest than in expensive office furniture. Evolve offers you everything you want in a furniture system—without the high prices. Evolve's simplicity and flexibility also helps keep your long-term costs low.

Overhead flipper door storage is available in 24", 30", 42", 48", 54" and 60". Locks are available on all units, except our sliding door overheads. Files are composed of all-metal construction. Pedestal storage in 24" and 30" depths including box/box/file and file/file configurations in both work surface supporting and mobile options. All drawers feature progressive ball-bearing suspensions for full access. Locking is standard.

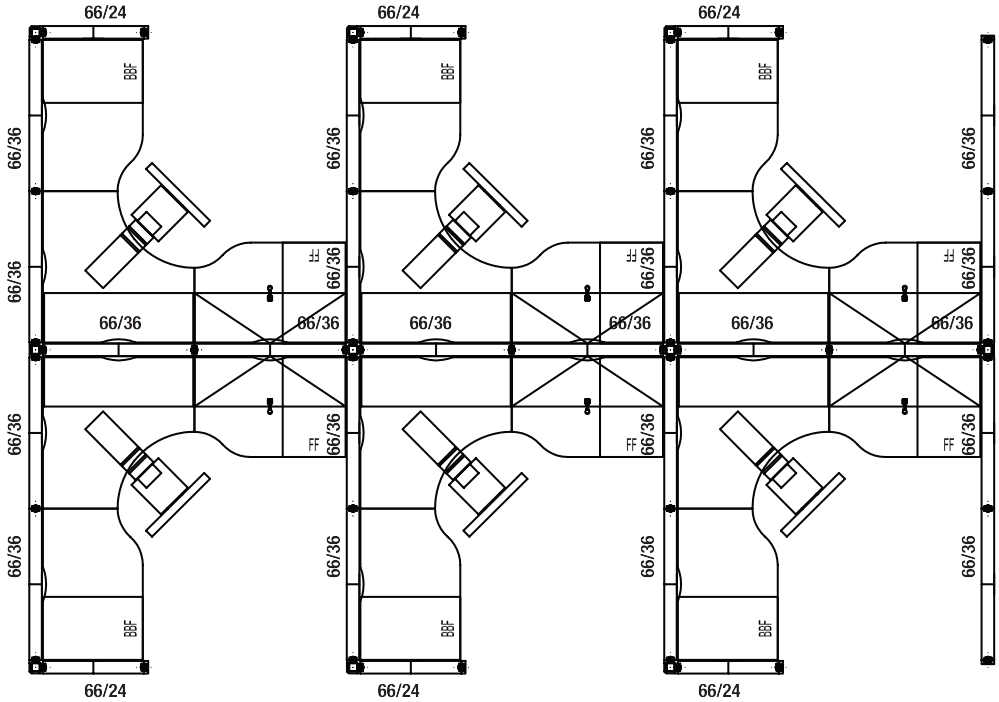

Curvilinear work surfaces are ergonomically designed to support workflow patterns. Adjustable keyboards are available for intensive computer applications. A pivoting or free-standing teardrop extension table provides a unique and space-saving teaming function at any workstation.

TELEMARKETING

Evolve meets you where you work, with cost effective solutions for hoteling and telemarketing applications.

Let's work together
to refurnish your workspace

Whether you need to expand or replace existing pieces, Office Depot® can help.

- Get exact measurements
- Plan out the best usage of available space
- Receive market information & details on comparative products

We offer both system furniture and casegood drawings. CAD drawings are also available. Once you've made your preliminary selections, we can prepare quotation sheets for you to present to the property office.

Remember to visit your dedicated website and make your selections from any of the following online catalogs:

- Casegoods: desks, credenzas & L-shapes
- Seating
- Storage: file cabinets, storage cabinets & laterals
- Work Stations: complete system furniture
- Receptions and conference rooms
- Training and Education: tables, desks and chairs
- Hospitality: cafeteria furniture
- Specialty: medical examination, shop furniture and more

The General Service Administration (GSA) is changing the way they do business.

GSA is transforming from its depot-driven Global Supply model to a four-party logistics(4PL) model. The 4PL model partners GSA with industry leaders in office supplies and Industrial supplies to provide full Federal supply market chain support for DOD, Armed Services and Federal agencies. This includes brick and mortar stores on select bases, customized web solutions and global delivery.

GSA and Office Depot® work as partners in an environment of continuous process improvement. They share the goal of providing all ServMart customers quick, consistent access to a wide range of products at competitive prices, while minimizing their time spent on routine purchases. This will ultimately enable personnel to concentrate on their core mission.

Office Depot® is proud to be a partner in this transformation.
