

CardScan®

CardScan Executive-V8

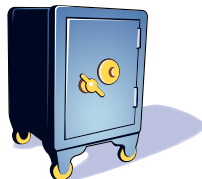

Accurately scans and reads business cards in seconds and creates a digital address book.

Consolidates all your contact data using drag and drop from email, websites and other electronic files.

Software easily categorizes contacts, searches, sorts and de-dupes.

With CardScan At Your Service™ you can backup your contact data to our secure server - where you can access it, via password, from any Web browser.

Synchronize easily with Outlook®, Palm™, Windows® mobile, and smart phones, plus ACT!™*, Lotus® Notes®, and GoldMine®.*

*CardScan Executive only works with single/standard user version of these products.
