1. Identification of the article

Product name: KODAK Thermal Color Ribbon

Product code: 1059025

Product Use: thermal media donor(s)

2. Company

Manufacturer: EASTMAN KODAK COMPANY, 343 State Street, Rochester, New York 14650;

Supplier: EASTMAN KODAK COMPANY, 343 State Street, Rochester, New York 14650

3. Composition/information on ingredients

Weight %	Component
80 - 85	Polyethylene terephthalate base
1 - 5	Polyvinyl acetal
1 - 5	Polymeric binder
1 - 5	Butyl titanate
< 1	Dyes

4. Health and safety

General advice: This product is not expected to cause any health or safety hazards, when used as intended.

Health Aspects: Thermal media donors are not hazardous to health. No personal protection is needed under recommended conditions of use.

Fire Hazard and Extinguishing Media:

Although the film base is a combustible material, it is not easily flammable. Considerable heating above ambient conditions is required before ignition and combustion can occur.

Burning characteristics vary depending on the thickness of the film base and burning conditions.

Single layers of this film ignite readily and burn rapidly when exposed to fire; however, the film is not expected to pose flammability concerns during recommended use.

The products of combustion depend on the burning conditions and are likely to include carbon monoxide, oxides of nitrogen and oxides of sulfur. In the event of a fire, fire-fighters should wear self contained breathing apparatus and protective clothing.

Extinguishing Media: water spray, carbon dioxide (CO₂), dry chemical.

5. Waste disposal

Landfill or dispose in accordance with local, state, or federal regulations.
