Dear Mr. Lloyd:

The products listed on the attached do not require a material safety data sheet. They are exempt from the provisions of OSHA's Hazard Communication Standard including the requirements to provide material safety data sheets. This exemption is provided within the Code of Federal Regulations, Title 29, Part 1910.1200. Should you need further assistance with this matter, please do not hesitate to contact us.

Sincerely,

Joyce M. Barrow
