

Sanford Corporation  
2740 Washington Blvd.  
Bellwood, IL 60104

Telephone No: 1-800-323-0749  
Date of Last Revision: January 2, 2003  
Medical Emergency No: 1-800-228-5635

**Section 1 - Product Identification**

Product Name: Office Depot Multi Purpose White Correction Fluid  
Colors: White

**Section 2 - Composition**

Heptane (142-82-5), pigments, resin

**Section 3 - Physical / Chemical Characteristics**

Boiling Point: 210° F  
Vapor Pressure (mm Hg): 7  
Specific Gravity: 0.8  
Solubility in Water: Less than 0.01 at 77°F  
Appearance / Odor: White viscous liquid fluid with petroleum odor  
Evaporation Rate: 5.5

**Section 4 - Fire and Explosion Hazard Data**

Flash Point (Method Used): 20°F TCC  
Flammability Limits (% by volume): Lower: 1.9 Upper: 11.6  
Extinguishing Medium: Foam or dry chemical  
Special Fire Fighting Procedures: Foam or dry chemical. Shut off flow, allow to burn out.  
Unusual Fire and Explosion Hazards: Vapors explosive if collected.

### Section 5 - Reactivity Data

|                           |                         |
|---------------------------|-------------------------|
| Stability:                | Stable                  |
| Conditions to Avoid:      | None                    |
| Chemical Incompatibility: | Strong oxidizing agents |
| Hazardous Decomposition:  | None                    |
| Hazardous Polymerization: | Will not occur          |

### Section 6 - Health Hazard Data

Chemical Listed as Carcinogen or Potential Carcinogen:

|                              |    |
|------------------------------|----|
| IARC Monographs:             | No |
| National Toxicology Program: | No |
| OSHA Regulated:              | No |

Routes of entry: Inhalation - None under normal use. Eyes - Wash thoroughly with water for 15 minutes. If irritation persists, consult physician. Skin - Wash with soap and water. Ingestion - Consult physician or Poison Control Center. Do not induce vomiting. Move to fresh air.

WARNING: FLAMMABLE. KEEP OUT OF REACH OF CHILDREN.

### Section 7 - Precautions for Safe Handling and Use

|                                                            |                                                                              |
|------------------------------------------------------------|------------------------------------------------------------------------------|
| Steps to be Taken in Case Material is Released or Spilled: | For small spills, use absorbent material, allow to evaporate, dump as trash. |
| Waste Disposal Method:                                     | Dispose in accordance with Federal, State, and Local Regulations.            |
| Precautions to be Taken in Handling and Storing:           | Keep away from ignition sources. Store in a cool well ventilated area.       |
| Other Precautions:                                         | None                                                                         |

### Section 8 - Personal Protection and Exposure Control Measures

|                         |                                   |
|-------------------------|-----------------------------------|
| Eye Protection:         | None under normal use conditions. |
| Skin Protection:        | None under normal use conditions. |
| Respiratory Protection: | None under normal use conditions. |
| Ventilation:            | None under normal use conditions. |
| Protective Clothing:    | None under normal use conditions. |

| HMIS Code           |     |
|---------------------|-----|
| Health              | 2   |
| Flammability        | 3   |
| Reactivity          | 0   |
| Personal Protection | N/A |

Sanford Corporation has been advised by council that the OSHA Hazard Communication Standard does not apply to the Sanford Product described in this MSDS. The reason for the exemption is contained in 29 CFR Part 1910.1200 (b) (6) (ix), as amended July 1, 1994 per the Code of Federal Regulations. The information contained in this MSDS is forwarded to you for your information but is not meant to imply that the product is covered by the Hazard Communication Standard nor is the MSDS meant to comply with all requirements of the Hazard Communication Standard.
